

Installation manual - Installation of the connection terminal with type 2 surge protection in AMTRON® 4You 100 / 300 (7,4 / 11 / 22)

- (DE) • Die Tätigkeiten in dieser Anleitung dürfen ausschließlich von einer Elektrofachkraft durchgeführt werden.
• Die folgenden Abbildungen zeigen den Austausch bei der dreiphasigen Ladestation AMTRON® 4You 300 22. Der Austausch erfolgt bei den einphasigen Ladestationen (7,4 kW) in gleicher Weise.
- (EN) • The tasks described in this manual may only be carried out by a qualified electrician.
• The following illustrations show the exchange for the three-phase AMTRON® 4You 300 22 charging station. The single-phase charging stations (7.4 kW) are replaced in the same way.
- (ES) • Las actividades de este manual sólo pueden ser realizadas por un técnico electricista.
• Las siguientes ilustraciones muestran el procedimiento de sustitución de la estación de carga trifásica AMTRON® 4You 300 22. Las estaciones de carga monofásicas (7,4 kW) se sustituyen de la misma manera.
- (FR) • Les activités dans cet manuel sont exclusivement réservées aux électriciens spécialisés.
• Les illustrations suivantes montrent le remplacement pour la station de charge triphasée AMTRON® 4You 300 22. Le remplacement se déroule de la même manière pour les stations de charge monophasée (7,4 kW).
- (IT) • Le attività descritte in queste istruzioni possono essere eseguite esclusivamente da un elettrotecnico specializzato.
• Le seguenti illustrazioni mostrano la sostituzione della stazione di ricarica trifase AMTRON® 4You 300 22. La sostituzione delle stazioni di ricarica monofase (7,4 kW) avviene in modo identico.
- (NL) • De activiteiten in deze handleiding mogen uitsluitend worden uitgevoerd door een elektricien.
• De volgende afbeeldingen tonen de vervangingsprocedure voor het driefasige laadstation AMTRON® 4You 300 22. De vervanging van de enkelfasige laadstations (7,4 kW) vindt op dezelfde wijze plaats.
